Fairfax County Reporting Map (beta)

Help Fairfax County Government see what's happening as a result of Hurricane Sandy by reporting what you see.

SUBMIT A REPORT

HOME REPORTS SUBMIT A REPORT

PLEASE READ: This reporting system is NOT a replacement for 9-1-1. If you are experiencing an emergency or need to officially report an incident, please call 9-1-1 or the public safety non-emergency number at 703-691-2131, TTY 711. This reporting system is a new tool we're testing, so we do not expect it will be comprehensive. We will monitor your reports. If we see something significant you share, we will share it with emergency responders/planners. This will give us a selected sense of what's happening across Fairfax County as a result of Hurricane Sandy.

Sandy Coworking

A listing of spaces where you can work, recharge, and reconnect to your tech community.

Crowdmap @Crowdmap · Unfollow

Ushahidi Summary

- Different missions, map regions and organizing group(s).
- Less than 100 reports, but had strong curation and verification methods.
- 11 of the 20 maps were tests with no reports.
- Some of the maps have been deactivated.
- Many of the deployers had no to low experience

- Some US based emergency managers suggested that the Crowdmaps have standard categories. I asked them to share their recommendations.
