

## AGENDA TOPIC: SESSION 4 NEXT GLOBAL PLATFORM SESSION

Results of this session are:

- Partners re-confirmed GP-STAR approach for side event application at Global Platform Session, Cancun, Mexico, May 2017
- Deadline for side-event application extended to January 15, 2017
- GP-STAR to produce and provide digital dissemination material, e.g. on USB stick
- Partners agreed to compile a brochure containing fact sheets about all partners and their activities relevant to GP-STAR in preparation for the next Global Platform Session, May 2017 in Cancun, Mexico. UNSPIDER, GEO, DMC, ISPRS, AEM and IWG-SEM took the responsibility of gathering all required information concerning the activity of the partners for the brochure and a web page which will be dedicated to the GP-STAR partnership

Action Items:

- Secretariat to provide template for fact sheets to be used for baseline studies and Global Platform Session GP-STAR side event dissemination material
- Partners to lobby their countries and UNISDR to support side-event application
- Secretariat to initiate preparation for dissemination material contents together with working group members
